

Nordiska's subsidiary Rocker enters into agreement to acquire Finnish loan portfolios

Nordiska Kreditmarknadsaktiebolaget (publ)'s ("Nordiska") subsidiary Rocker AB (publ) ("Rocker") has today entered into an asset purchase agreement to acquire a performing loan portfolio from Svenska Handelsbanken AB (publ) and a performing loan portfolio from Ecster AB. Whilst the greater part of the portfolios are performing loans, Rocker will also acquire certain non-performing loans related to the same loan product as under the performing loan portfolios. The loan portfolios are located in Finland.

The acquisitions, which represent an aggregate purchase price of approx. MEUR 120, are a beneficial way for Nordiska's group to grow its lending and utilise its scalable banking platform and unleashing Rocker's full potential with Nordiska Embedded.

The acquisitions are expected to close during the first half of 2025 with settlement in cash. The economic benefit, and risk, is to be assumed by Rocker from 1 January 2025. The acquisitions are subject to regulatory approval and will be fully covered by the Nordiska group's available liquidity and capital.

DLA Piper is legal advisor to Nordiska and Rocker in Sweden and Finland in connection with the transaction.
